Mr. Martindale :

Re : BDC Move - 55 Metcalfe St. - May 14, 2007

We would like to express our appreciation and gratitude regarding the move of the BDC Subordinate Financing on May 14, 2007 from the main floor to the 14th at 55 Metcalfe Street. Your team, Sylvain, Robert, Lee & Adam were very quick and efficient at doing their jobs. It was done earlier than we expected which was greatly appreciated.

It was a pleasure dealing with your company. Thanks again for your contribution in this project.

Yours truly,

For the attention of: Kam

We are writing to tell you how very impressed we were by the efficiency and courtesy of the three young men who facilitated our move from 15 Coolspring Cr to 3590 Rivergate Way on March 19, 2007. Unfortunately we did not note their names but you will know who they were.

We apologize for not writing sooner but the computer was not wired until now. But be assured that we were totally pleased by the careful attention shown by these young men in completing the job at hand; and particularly in their neat and professional appearance.

Based on the foregoing, we would have no hesitation in recommending Kineto Van Lines to others.

Yours sincerely,

Pierrette L'Heureux

Dear Sir,

We would like to take this opportunity to commend the work of the four young men who were involved in our relocation from Orleans to Greely on April 24 and 25, 2007. We are unable to locate their names at this time, but I am sure you have them in your files.

We have had several moves over the years, because of transfers with the RCMP. However, none of them can measure up in terms of the professionalism displayed by your team. They were prompt, speedy and unfailing in the care they took with the packing, loading and delivery of our household effects.

We are very appreciative.

Thank-you.

To whom it may concern,

This letter is written to highly recommend the work of Louis Carreiro, Adam Coons, and Robert Hennessy. I apologize that it has taken me so long to correspond with my thanks for their hard work and professionalism during my move.

On January 19 of this year, Louis, Adam, and Robert moved my household goods from storage at Kineto Van Lines in Nepean to my home at 205 Lochiel St. S. in Renfrew. These movers were cheerful and courteous and took great care with my furniture and other items. My residence is an old house with approximately 19 steps to the second floor and another set of stairs to the attic. It was a tremendous amount of lugging with awkward boxes, not to mention furniture. They placed everything exactly where I wanted it in the most efficient manner.

When I was signing the invoice after they had completed the move, I asked them who I would call at Kineto to relay my thanks and appreciation for their work.

I was so pleased with their work ethic and professionalism that I am now putting my comments in writing on their behalf.

Sincerely,

Beverley Humphries

To whom it may concern,

Although it has already been a few months since our moving date, it is never too late to do things right.

This letter is therefore to let you know how much we appreciated the professional work done by you company and, especially the crew (S.L. and J.D.) on June 29th 2007. They were efficient, prompt, helpful, careful and altogether quite pleasant.

By mere coincidence, one of the movers was the same we had 12 years ago; it is because of men like him that we went back with your company this time.

Thanks again; although we do not plan to move in the near future, you may rest assured that we recommend Kineto Van Lines to our friends.

Hi Kam Further to our phone conversation last week I wanted to put down a few words of *praise for our recent moving experience. We were very impressed with Lee in particular. He was very clear and professional in his approach. In addition he did not take a break during the long day into the evening. The focus was to get us moved without any damage and to our satisfaction. We had a big move. Over the years we accumulated a large household. It was completed relatively quickly and without incident. We were impressed. Thank you.*
